BUSINESS STANDARDS

External Providers/Suppliers shall effectively communicate and ensure that all persons are aware of their contribution to product or service conformity, their contribution to product safety and the importance of ethical behavior.

NONCONFORMING MATERIAL

Supplier is required to notify Midwest Composite Technologies, LLC dba Fathom of nonconforming product as well as obtain approval for nonconforming product disposition.

PROCESS CHANGE

Supplier is required to inform Midwest Composite Technologies, LLC dba Fathom of any changes in the product / process definition, changes of suppliers, change of manufacturing facility location and, when applicable, obtain permission.

RECORDS

Supplier shall maintain records of all inspections and tests performed on items delivered to Midwest Composite Technologies, LLC dba Fathom. These records shall identify any nonconformances and shall be made available for Fathom and Fathom's customer and regulatory review. Period of retention is a minimum of ten (10) years from close of order, unless otherwise specified on the Purchase Order.

RIGHT OF ACCESS

Buyer, Buyer's Customer, and Authorities have the right to conduct surveys, audits, and surveillance of Seller's facilities, or those of Seller's subcontractors, or suppliers with prior coordination with Seller to determine the capability to comply and to verify continuing compliance with the requirements of the Purchase Order.

Buyer, Buyer's Customer, and Authorities have the right to perform inspection at Seller's facilities, or those of Seller's subcontractors, or suppliers with prior coordination with Seller during the period of manufacture and inspection prior to shipment.

COUNTERFEIT MATERIAL - GUARANTEE OF MATERIAL SOURCES(S)

The Seller shall ensure that only New and Authentic materials are used in materiel delivered to Midwest Composite Technologies, LLC dba Fathom. The Seller may only purchase material directly from Original Manufacturers, Manufacturer Franchised Distributors, or Authorized Aftermarket Manufacturers. Use of material that was not provided by these sources is not authorized unless first approved in writing by Fathom. The Seller must present compelling support for its request (E.G., Original Manufacturer Documentation that Authenticates Traceability of the materiel to the Original Manufacturer) and include in its request all actions to ensure that materiel thus procured is Authentic and Conforming.

PART TRACEABILITY AND BUYER'S PROPERTY

Seller shall maintain Midwest Composite Technologies dba Fathom's property in good condition, in a controlled environment, and insured for the benefit of Fathom while in Seller's possession.

Seller will maintain traceability by Part Number, Lot Number and/or Batch Number if provided by Midwest Composite Technologies, LLC dba Fathom unless otherwise specified on the Purchase Order.

CALIBRATION SERVICES

Suppliers of Calibration services to Midwest Composite Technologies, LLC dba Fathom must have a certification to ISO 17025, or equivalent. Suppliers must provide calibration results which list the before and after readings, and include the uncertainties when applicable. Standards used for calibration must be traceable to NIST.
